Advanced Weather Spotter

[Register Here](http://www.hamiltoncountyohioema.org/available-training)

Or at: <http://www.hamiltoncountyohioema.org/available-training>

Dates/Time:

Date: May 4th, 2019

Time: 09:00AM— 01:00PM

Location:

Anderson Center
7850 Five Mile Rd.
Cincinnati, OH 45230

Description:

Join NWS meteorologists for a detailed look at storm spotting and severe weather operations. The event will cover an in-depth look at advanced storm spotting strategies, the science of using weather radar in warning operations, and interactive simulations that put the viewers in the hot seat.

Registration & Prerequisite

Students must have completed the National Weather Service Spotter Course prior to attending the advanced course. Registration is capped at 225 students.

Target Audience
