Or at: <http://www.hamiltoncountyohioema.org/available-training>

Dates/Time:

March 21, 2019 (8:00AM-11:00AM)

June 20, 2019 (9:00AM-12:00PM)

Sept 26, 2019 (Time TBD)

Dec 19, 2019 (Time TBD)

Location:

Cincinnati-Hamilton County Regional Operations Center
2000 Radcliff Dr.
Cincinnati, OH 45204

Description:

Damage Assessment helps local jurisdictions determine the severity and magnitude of an emergency by evaluating the impact on public and private sectors. This course will teach how to conduct local damage assessments.

- Explain the basic concepts and operations of local damage assessment in Hamilton County
- Define the roles and responsibilities of the local jurisdictions and those involved in the damage assessment process
- Enable participants to evaluate and categorize degrees of damage to private structures
- Demonstrate how to accurately document damage assessment from the field using standardized Ohio forms
- Explain the differences between Individual and Public Assistance as it relates to Damage Assessment
- Provide an overview of the eligibility requirements for public assistance and what information and forms are needed to evaluate public damages and costs
