

HazMat Research Specialist Course

The Hazardous Materials Research Specialist (HMRS) conducts research on the chemicals released or potentially released during a hazardous materials incident. This course addresses the National Fire Protection Association's (NFPA) 472 Chapter 7: Competencies for Hazardous Materials Technicians. This course meets and exceeds the new NIMS resource typing standard.

This is a free course, funded by the Hamilton County LEPC

Date: September 25, 2019 from 8:00am to 5:00pm

Location: IAFF Local 48 Union Hall 1011 West 8th Street Cincinnati, OH 45203

Registration: Email LEPC Coordinator Doug Witsken at doug.witsken@hamilton-co.org
