

G-557 RAPID ASSESSMENT PLANNING COURSE

HOSTED BY: HAMILTON COUNTY EMERGENCY MANAGEMENT AGENCY
DECEMBER 08, 2020

Course Description: This course provides information and resources to enable participants to develop an effective Damage Assessment Program and conduct rapid and effective needs assessments. A good assessment allows community leaders to prioritize response actions ensuring the greatest life-saving and life sustaining benefits. Since resources are often limited in the first few hours of a disaster or emergency an effective rapid needs assessment allows for the efficient and effective use of those resources. Likewise, it allows local officials to evaluate their needs and request those resources that are not available in their jurisdiction to support life sustaining and life saving measures.

This is a "Required" course in the Advanced Professional Series (APS) program
